# Comments

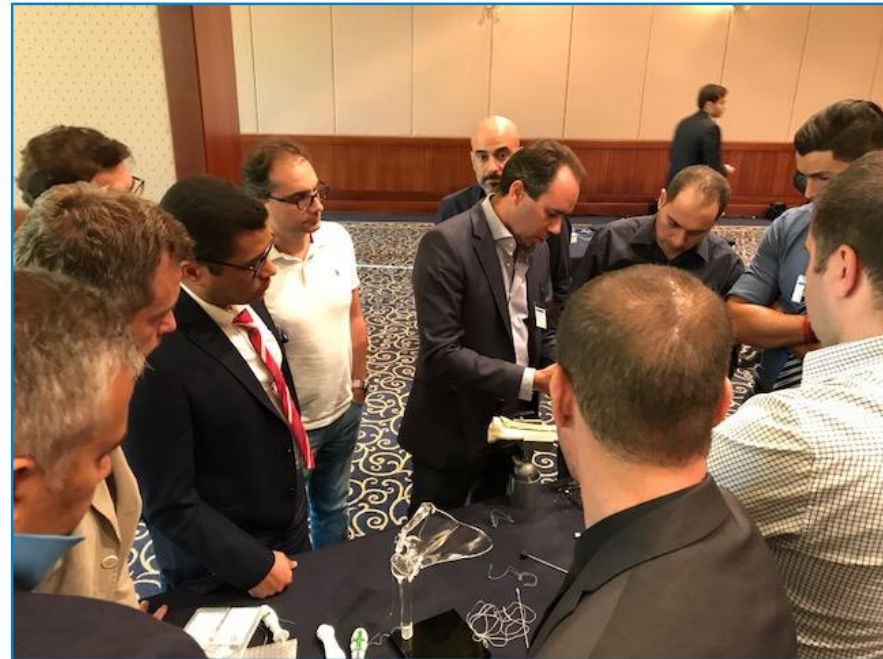

The best tip	3 Best things	3 Worst things
AC joint reconstruction	Excellent place and organisation	Would be best with cadavers
New products	Speakers had high scientific level	Not enough case presentations
Biceps tenodesis	Open discussion	Short course
Slap repair tenodesis	JuggerKnotless/ToggleLoc/Zip tight	No practical surgery
OR setup	Practical demo	Some topics were not covered
Rotator cuff repair	AC treatment	Need more time for workshops
Spinnaker technique	Anchors selection	Demos were not fully equipped
Scapular nerve release	Staff attention	
JuggerKnot	Excellent topic selection	
Complications session
